THE EXTERTAINMENT AT ST. HELEN'S SCHOOL THE ENTERTANMENT AT ST. HELEN'S SCHOOL.

The pupils of St. Helen's school gave a bighly entertaining performance at the close of their spring school term, last Friday evening, to a large and interested audience of villagers and persons from abroad. That popular fairy tale, "Little Red Riding Hood," was brought out with music, scenery and costumes in a way to give its moral a more impressive effect. No labor had been spared in decorating the stage with evergreens, which, with their lights and shades and woody odors, made a very appropriate forest which, with their lights and shades and woody odors, made a very appropriate forest scene for the songs and dances of fairies. The brilliant and varied costumes of the fairy troop contrasted beautifully with the dark tones of the evergreens; the parts generally were exceedingly well sustained, and in some instances showed remarkable artistic ability. We have seldom witnessed a more entertaining school exhibition, or one better calculated to retain a pleasant bold on the memories, whether of the youthful actors themselves, some of whom were about to depart on their vacation, or of the older persons of the audience. A fairy secene so bright, in a mid-summer so exceptionally beautiful, even among our beautiful Vermont summers, with its cool, invigorating temperature, its richness of verdure and abundance of flowers, seemed a natural and harmonious accomremess of rendre and abundance of now-ers, seemed a natural and harmonious accom-paniment of the season, and will long be re-membered by all who witnessed it. We owe the papils and teachers our especial thanks for a very pleasing entertainment. Cos. OAK GROVE BANGE, JULY 2.
